PRESS RELEASE

LGM Pharma Attended the BIO International Convention in Boston, USA

NASHVILLE, Tennessee—LGM Pharma was represented at the International Bio Conference in Boston June 18 - 21 by our sales team, who met with several clients and prospective clients.

The Company successfully expanded its network of custom manufacturing partners, most notably in biologics, which was a dominant theme at the conference.

BIO represents more than 1,100 biotechnology companies, academic institutions, state biotechnology centers and related organizations across the United States and in more than 30 other nations. BIO members are involved in the research and development of innovative healthcare, agricultural, industrial and environmental biotechnology products.

About LGM Pharma

LGM Pharma is a leading supplier of active pharmaceutical ingredients (APIs) to various global pharmaceutical firms involved in the research and development of old and new therapeutic chemical entities. In its commitment to improving health opportunities all over the world, the company has forged partnerships with some of the biggest names in the pharmaceutical industry. Currently, the company supplies over 2,500 active pharmaceutical ingredients to its global clients. Their corporate offices are located in Nashville, Tennessee.
